

Data Room Checklist

Morris Law Kernel v3.5 + IP Protection System · Kevin Morris · July 2026

Use this checklist when speaking with serious potential licensees, investors, or acquisition interest. Have these items ready (even in draft form).

Core Documents (Must Have)

- ☐ White Paper (current version)
- ☐ Pitch Deck (current version)
- ☐ Technical Overview / Architecture Diagram (1–2 pages)
- ☐ Demo Video (2–4 minute Loom or hosted video showing mastering + IP verification flow)
- ☐ GitHub Repository Link (clean, well-documented)
- ☐ One-Page Executive Summary

Legal & IP Documents

- ☐ Proprietary License / Terms of Use
- ☐ Sample Licensing Agreement (simple 1–2 page version)
- ☐ IP Assignment / Ownership confirmation (if applicable)
- ☐ Any existing patents, patent applications, or provisional filings (if any)

Financial & Traction

- ☐ Current user / pilot numbers (even if small)
- ☐ Revenue projections (conservative + optimistic)
- ☐ 0–30 Day Financial Plan
- ☐ Any LOIs, pilot agreements, or letters of interest (even drafts)

Technical Assets

- ☐ Access to working demo (Streamlit app or hosted version)
- ☐ API documentation (for `verification_api.py`)
- ☐ Code structure overview
- ☐ Performance benchmarks (from `benchmark.py`)

Team & Company

- ☐ Founder bio + relevant experience
- ☐ Company formation documents (if LLC is formed)
- ☐ Any existing advisors or key supporters

Optional but Powerful

- ☐ Competitor comparison table
- ☐ Customer / user testimonials (even early ones)
- ☐ Roadmap for next 6–12 months
- ☐ Case study of how the IP protection system would work in a real dispute scenario

Tip: Organize everything in a Notion page or Google Drive folder with clear naming. Only share the full data room under NDA or with warm, serious prospects.

Status: Most of these items already exist or can be created quickly from current documents.
