Weekly Review Questions

- How many new conversations started this week?
- How many positive replies?
- What is the value of the current pipeline?
- Which message templates are performing best?

Recommended Tools

- Google Sheets (free + collaborative)
- Notion (great for notes + status)
- HubSpot or Pipedrive (if you want CRM later)
- Simple Airtable base (if you like databases)

Goal: Keep momentum visible. Even a simple tracker dramatically improves follow-up discipline and conversion rates.
